Space for the training is limited so please register early. Again this year, we will be offering a chance for potential clients to receive a CIMS Software demonstration and see the software in action. The sessions will be held the same time as the training sessions above. If this is something you are interested in, please check the box on the Registration form.

**Registration deadline for the User Group Conference is 9/21/10.** Please call 800-332-7532 if you have any questions.
